### FLAT RACE JOCKEY PROFITABILITY STATS BY RACECOURSE 2012 - 2017

The racecourse top Flat racing jockey profitability statistics table - below - spans 5 seasons from Oct 2012 - Sept 2017.

The stats refer to the following 34 racecourses: Ascot, Ayr, Bath, Beverley, Brighton, Carlisle, Catterick, Chelmsford, Chester, Doncaster, Epsom, Ffos Las, Goodwood, Hamilton, Haydock, Kempton, Leicester, Lingfield, Musselburgh, Newbury, Newcastle, Newmarket, Nottingham, Pontefract, Redcar, Ripon, Salisbury, Sandown, Southwell, Thirsk, Windsor, Wolverhampton, Yarmouth and York.

### TOP 6 MOST PROFITABLE JOCKEYS

The most profitable jockey to have followed over 5 seasons at a single racecourse was Rob Hornby at Salisbury: 5 wins from 15 rides. Had you placed a GBP 1 bet on each of those 15 rides you would have shown a gross profit of GBP 51.50, representing a very impressive Return On Investment (ROI) of 343%

- 1 . Rob Hornby - Salisbury ROI = 343%
- 2 . Charles Bennett - Leicester ROI = 300%
- 3 . David Egan - Newbury ROI = 296%
- 4 . Graham Lee - Ayr ROI = 223%
- 5 . Dougie Costello - Chester ROI = 211%
- 6 . Josephine Gordon - Haydock ROI = 181%

### HOW TO CALCULATE A RETURN ON INVESTMENT (ROI) - JOCKEY PROFITABILITY

The ROI is calculated by dividing the total GBP winnings by the total GBP staked - then x by 100 to find the net percentage (%) profit.

For Rob Hornby (Salisbury) the ROI calculation =  $\text{GBP } 51.50 / 15 \times 100 = 343\%$ .
